1.PRESENTARIO

It's time to show who is the boss when it comes to command over the subject. The staple diet of all technical events is undoubtedly the paper presentation event, yet it has something in it which makes it exciting. If you have an idea that has been taking shelter in your mind that would change lifestyles visibly, make inroads into the development of geeky technology or even make some known technology effective and efficient, then we offer you the stage to show who is the world and it is PRESENTARIO.

Domains:
- **Electronics and Communication.**
- **Electronics and Instrumentation.**
- **Electrical and Electronics.**
- **Computer Science.**

Abstracts Should be Submitted to this Mail

- **Entry Fee   : Rs.200/- per team.**
- **Team Size : 2-4.**
- **Date   : 26th June 2021.**
- **Abstract submission last date: 23rd June.**
- **20% Discount will be provided to IEEE Membership holders.**

2.TRADEMARK

One of the major skills of an engineering student is creativity. The logo is a powerful asset to a client's brand. A logo designer is responsible for the design and execution of various creative concepts for the marketing and web solutions of a particular organization. The main focus of this event is that the participants have to design a logo based on the topic given and show their creativity.

- **Participants can create their logo with a neat hand sketch.**
- **The event will be held in two rounds: a pilot round followed by the finals.**
- **Participants should register prior to the pilot round.**
- **In the pilot round, the topic will be mentioned on spot and the participants will be given a duration of 60 minutes.**

- **Entry Fee   : Rs.50/- per participant.**
- **Team Size : Individual.**
- **Date   : 26th June 2021.**
- **20% Discount will be provided to IEEE Membership holders.**

4."C"NARIO

A thrilling programming contest with a big prize at stake will be up for grabs this year. The language used is 'C' as it is the most commonly used and taught language. The students will be tested in their analytical and logical skills. **This is a programming contest purely based on the C language. The event is divided into two rounds namely, the MCQ round and a final coding round.**

First Round:(MCQs)
- **Each member will be given 30 MCQs.**
- **Time duration is 30 mins.**
- **10 best participants will be qualified for the final round.**

Second Round:(Coding)
- **This is a program-building round of 90 mins.**
- **It consists of 3 program statements that should be solved using C language.**

- **Entry Fee   : Rs.50/- per participant.**
- **Team Size : Individual.**
- **Date   : 26th June 2021.**
- **20% Discount will be provided to IEEE Membership holders.**

5.CODE4COVID 2k21

Code4Covid is an opportunity for developers to build software solutions that drive social impact, to tackle some of the challenges related to the covid pandemic. Hackathon is creative problem-solving. It is an event of any duration where people come together to solve problems. It allows young minds to flex their creative and technical muscles to solve real-world scenarios

Problem Domains:
1. Healthcare
2. Supply chain
3. Workplace management
4. E-learning
5. Miscellaneous

The submissions will be reviewed and the selected teams will only be invited to participate in "Code4Covid" based on their innovative solution.

- **Entry Fee   : Rs.200/- per team.**
- **Team Size : 2-4.**
- **Date   : 27th June 2021.**
